Golden Brain Research Presentation Competition 2022

Golden Brain Research Project Competition 2022

College of Medicine, China Medical University

1. Objective

In order to cultivate students' English presentation skills and creativity, the College of Medicine is going to organize the 6th "Golden Brain Research Presentation Competition (in English)" on October 28th, 2022 (Fri). The aim of this competition is to promote learning, enhance the international competitiveness of our students and cultivate research talents.

2. Organizers

Office of EMI Project, College of Medicine, China Medical University

Bilingual Education Center, China Medical University

3. Qualifications

1. Students can apply individually or in groups (within 5 students)

1) Undergraduate:

(i) Students who have taken or are taking "independent research" or "special research" at the College of Medicine, or

(ii) Students who have taken or are taking English as a medium of instruction (EMI) courses.

2) Graduate Institute: Graduate students with personal research outcomes (presentation content is limited to personal research).

Note: Graduate students and undergraduate students are also encouraged to form teams to participate in the competition.

2. Students can apply individually or in groups (within 5 students). Each student can only participate in one group, and each group must have a group leader. Group members and topics cannot be changed after the application deadline. The competition is limited to 10 groups; if more than 10 teams apply, a preliminary selection announcement will be made. (Note: If the applicant has taken one of the EMI courses (English as a medium of instruction course) this semester, he/she does not need to go through the preliminary selection.)

4. Application

Application:

【Online Application】: Please fill out the following form and submit the research
